

## THE GOOD DENTIST

**Dr. Sunil Phol**, founder of the **Dr. Sunil International Dental Center** and the **Superdoc** merchandise line, was another Thai-Indian who embraced the giving spirit during the COVID-19 crisis. Not a stranger to philanthropy, Dr. Sunil set up the **PP Foundation** with his wife **Pooja** in 2016, and the duo have since spearheaded various initiatives to help the poor. Over the last few months, in addition to keeping his dental clinic open for those requiring urgent dental care, he set up weekly donations where he handed out food items such as rice, as well as masks and other hygiene products. Dr. Sunil was also an active supporter of the **#NoOneHungry** initiative, and worked with Chef DK to hand out hot meals to those less fortunate.
